INTERREG VOLUNTEER YOUTH (IVY)

Interreg Volunteer Youth (IVY)

IVY is a **volunteering programme** of the European Commission to empower young people in **European Territorial Cooperation**.

An IVY volunteering **experience is 2 to 6 months** long

For all **young people aged 18 to 30 from Europe** or its **neighbouring & partner countries**

Young people can take part in an **IVY mission in their region, in their country or abroad!**

What does volunteering mean in practice?

Involve the volunteers in **tasks** which are helpful to show the benefits of cooperation:

- communication about Interreg (articles, newsletters, posts for social media, support for event organisation);
- communication with project partners;
- promotion of projects with local media and stakeholders;
- implementation of activities that express the solidarity aspects of projects;
- etc...

What does my day look like?

- Communication:
 - Social Media
 - Website (articles, updates)
 - Prints and posters
 - Photography
- Organisation mapping:
 - Outreach
 - Functional database
- Support with events and the Youth Call

AMPLE
Advanced Makerspaces for PiLot production by micro-Enterprises

We assist micro-enterprises to create functional prototypes using advanced makerspace technologies.

We connect centers of excellence in materials, printed electronics, robotics, and photonics with innovators in homes, at hot desks, and at commercial incubators.

We will upskill innovators to overcome design and technical obstacles. We will journey with selected innovators through process challenges to realize demonstrators positively impacting social inclusion and well-being across the NPA.

How does volunteering work in practice?

As for hosting a volunteer, this is how it works:

- **full time**, for a maximum of 35 hours per week;
- **always in person**;
- select a **mentor**, supporting their daily activities;
- all **costs of living are covered**
